Village Passes PUD Ordinance

The only thing worse than a quitter is a man who is afraid to begin.

Plans For Downtown Discussed

The Antioch Planning Commission wants to discuss the Central Business District plan with Chamber of Commerce members.

They may ask to appear at a Chamber luncheon to make a presentation.

Only a few Chamber members were present last Thursday when the plan was discussed at the village hall.

"What we really need to do is sit down with more Chamber members," said Bruce Christensen, professional planner.

The plan discussed last Thursday shows a new fire station to be built on Orchard St. and the possibility of a 200-car parking area behind the buildings on the east side of Main St.

The plan also indicates more greenery and beautification.

"One of the things you notice about Antioch is an absence of landscaping in the downtown area," said Christensen. "You can really dress up a downtown area with landscaping and plantings, and it's really not that expensive."

Bill Patterson, representing the Chamber, said that his group's tree-planting project is being fulfilled.

"We have 80 trees committed

Landscaping To Begin on New Park

by BETSY ROSSEN

Antioch now has a new Planned Unit Development (PUD) Ordinance, a restrictive set of zoning regulations for building and housing developments. The ordinance was among zoning amendments passed by a 4-0 vote of the village board Monday night. Two members were absent.

The proposed landscaping for the Main St. park, designed by Swartz Nursery of Burlington, Wis., was accepted by the board. Now that the mural is complete, work is to begin soon on the landscaping.

Caterpillar problems reported by many residents are being investigated. The Health, Animal and Nuisance Control committee is attempting to find the best solution and will notify residents of their findings and suggestions.

THE RESIGNATION of Ronald Marten from the Planning Commission was read and accepted, effective this week. Marten has accepted a position in Colorado, and Judy Phillips of Oakwood Knolls has been appointed to his unexpired term, which runs through May of 1977.

Lake County has issued a sanitary landfill permit to Waste Management, Inc. for the operation of the CCD landfill. In addition, the Public Works Committee has instructed the village engineer to write a letter to the Environment Protection Agency, advising that a 27-acre-foot pond to be used by the

CABL Annexation Being Considered

The Antioch Planning Commission once again is reviewing the CABL project, which calls for annexing about 150 acres into the village.

The property is north of the Upper Grade School and is bordered on the east by Tiffany

Road and on the north by North Avenue.

The decision the village and the plan commission must make is whether or not the application for annexation will be processed as a Planned Unit Development (PUD) or under

conventional subdivision zoning.

MONDAY NIGHT the PUD ordinance was passed by the village board. Advocates of the ordinance say that it gives the village the protection it needs that a future development will

be good for the community.

The PUD has built-in procedures and requirements which guarantee the village that a development will be completed before the annexation is executed. Applicants must present detailed plans on the

type of housing, landscaping and architecture and the studies that are required are expensive.

The CABL property owners include Dr. Albert Bucar, Dr. John J. Lorang, Dr. Edward

operation meets the requirements of the village floodplain ordinance.

VILLAGE EFFORTS to re-surface Anita St. have been temporarily abandoned. The county highway department plans on boring and using a special process on the pavement, though this is to be done at their convenience, most likely in the spring.

Public Works Committee Chairman Mike Haley reported that missing street and stop signs will be replaced and that the problem of improper bumper guards in parking lots is being checked.

Committee meetings set for next Monday: Safety, 7 p.m.; Licenses and Permits, 7 p.m.; Public Works and Utilities, 8:30 p.m.

The village's yearly financial statement was approved and accepted by the board and is to be published.

The Central Business District

plan also brings up the question of possibly installing traffic signals at the corner of Main

Abderholden, and Ted and Bob Costoff.

THEIR ATTORNEY, F. James Lumber, told the plan commission last Thursday that, "the PUD route would be prohibitively expensive to the developers. PUD is more burdensome and restrictive upon the developer."

CABL members have said it would be difficult for them to conform to PUD and suggest that "if it has to go that route, we may have to put the property up for sale to the highest bidder and then we're out."

They have cited "the tremendous cost required to satisfy the requirements of PUD" and have asked, "Does the community want local people participating in such developments or does it want 'the big land people' in Chicago buying them out and taking over?"

CABL's plans to develop the property have been discussed at the village hall often in the last four or five years.

Bob Bemis, chairman of the Plan Commission, acknowledged that "I think you've almost been led to believe you could come into the village under a subdivision ordinance. Let us have some discussions and we'll try to get back to you."

Those Lions did it again! This year's Chicken Bar-B-Que was the best ever. Only one thing, you guys are going to have to buy more corn. That was gone before the afternoon even got started. The auction was great - lots of interesting items.

Five busloads of Little Leaguers, coaches and managers journeyed to Milwaukee last Saturday to see the Brewers and Cleveland tangle in a close game. One lucky boy went home with a baseball from the game that was hit foul.

Bonnie and Ron Martin were guests of honor at a farewell party given for them last Wednesday by neighbors and friends on First Street. Ron has accepted a principalship in the Black Forest area of Colorado and he and his family will be leaving this week. Good luck you two - we'll sure miss ya.

Glad to hear Jane Craner is feeling better after a bad fall last Thursday, but so sorry she had to miss the mural dedication which she worked so hard on with her art students.

Beaming like all new grandpas is Chief Jack Wells. His son Terry and his wife Dawn are the parents of a sweet little baby girl born on July 30th. Keely is a wee little miss, only weighing a little over 6 pounds and much too little for grandpa to hold.

Another set of beaming grandparents are Mr. and Mrs. J. Harrison of Hillside in Antioch. Their son Terry and his wife presented them with their first grandchild on July 25th. Scott Anthony was born at Sherman Hospital in Elgin and is the couple's first child.

lots of talented singers in its midst. For a real treat be sure to hear Diane Simbrowski sing at the piano bar in the lounge at the Brave Bull.

A very nice young man walked into our office the other day and wanted to say that Mrs. C. Koss and her three children Julie, Gail and Mike and their dog Bingo spent two weeks in Minnesota and "I hope they had a good time."

LaVerne Woods is going to have a hard time getting any strokes, or sympathy, from his golfing companions. He went

out and fired his best score last

week, an 84 at Fox Lake Country Club on nines of 43 and 41.

Beth McLellan is spending 3 weeks in Santa Rosa, California with former Antioch residents Jay and Cliff Vanderworker.

A big thank you Louise from Carl who hasn't taken his hat off since I gave it to him Monday evening. He really thinks it's just super.

Celebrating birthdays this week are Helen Gutowski on the 2nd, Jeff Curneal on the 3rd, Robin Johnson, Betty Mentone and Jenny Blackman on the 4th, Scott Wiese on the 6th and

Dennis Volling and Kathy Wurster on the 7th, and Special Wishes to Enid Bartlett on the 12th. Congrats everybody!

A very happy anniversary to Dorothy and Harlan Ware who celebrate wedded bliss on the 3rd, and to Elizabeth and Art Anderson and Helen and Ben Gutowski who celebrate on the 7th.

Ladies - Be sure to get working on those ideas for hats for the St. Peter's Salad Bar Luncheon. Call Jean Benes for details, 395-1811.

Creative Playground for Lake Villa

Work has begun on a creative playground for Lake Villa, located at the Pleviak School. A swinging bridge, tire poles and a tire house with an attic are among the items in the plans.

Parents of children at the school are asked to participate so the playground will be ready for the beginning of classes in the fall. Although most of the items have been donated, some

of the material will have to be purchased. Residents of the district can help by placing donations in canisters located in various business establishments.

A similar playground was built at Lehman Park by the Lake Villa Rescue Squad and village maintenance volunteers.

The Faces of Evie

Nothing to do

by EVALYN ROZEK

"Mom, will you take us swimming?"
 "Not today. I'm too busy."
 "Can we go to a show, then?"
 "Nothing good on."
 "Can I go buy a comic book?"
 "Got any money?"
 "No."
 "Then you're out of luck, aren't you?"
 "Gee, Mom, there's nothing to do!"
 Nothing to do? Here, kids, are a few suggestions:
 Find a woods and take a walk in it.
 Listen to the wind. Try to figure out where it came from and where it must be going.
 Lie down on a hill and let your mind take a ride on a cloud.
 Write a letter to your Grandmother.
 Sit in a meadow and drink in everything you see, hear, smell, touch, taste. Tuck some of it away, deep inside you, for winter.
 Chase a rabbit. Follow a butterfly or a bumblebee.
 Climb a tree and pretend something.
 Explain to the little boy or girl next door why we don't step on ants.
 Plant something. Be sure to take a good sniff of the earth.
 Listen to a bird-song and try to guess what he is saying.
 Go rock-hunting. Pick out only the best ones. When your pockets are full, come home and wash them off. Paint them. Then you will have all your Christmas shopping done.
 Sit down with your little brother or sister and read him or her a story.
 Pick some wildflowers and bring them to your Mother. Dandelions will do fine.
 Better still, see if you can get her to come outside and do some of these things with you.

Library Purchases Large Print Books

The Antioch Township Library is happy to announce that it now has Large Print books, with many titles in adult fiction and non-fiction, along with a few juvenile books.

Among the titles available are "The Incredible Journey," "Portrait of Jennie," "Robin Hood," "National Velvet" and "Treasure Island."

"If you know of anyone who enjoys reading but felt they had to give it up because of small print, let them know that we have the large print books," said Head Librarian Betty Lu Williams. "Or better yet, bring them in to the library and let

them see the books for themselves."

The library also has a paper back book exchange, in which participants take as many paperbacks as they wish, telling the attendants how many for library records. Books may be returned at any time, approximately the same number, though they need not be the same ones.

On display are pictures of one-room schoolhouses painted by the late Jacqueline Horton. John Horton has donated the use of the paintings to the Lakes Region Historical Society.

Weddings bells will be ringing on Oct. 12 for John Bjork and Stephanie Martin whose engagement was announced July 20 at the Martins Lake Forest home. John, who is the son of Donald and Barbara Bjork will be graduating from Southern Illinois University at Carbondale on August 9 with a degree in microbiology.

Congratulations to Joan Barnes and John Melhouse who were married on July 20. The happy couple celebrated with a wedding supper at Paty's Lounge with their attendants Elmer and Doris Meierdick.

Miss Dorothy Olson and nieces Stacy and Sally Flowers and Harriet Runyard and her granddaughter, Peggy Rogers, recently returned from a wonderful weeks vacation at Florida's Disney World.

Dick Rogers celebrated another birthday on July 24. Dick was treated to a birthday dinner at Mad Don's in Twin Lakes, Wis., by his wife, Kathy. The couple was joined by Dick's mother-in-law Harriet Runyard.

Ty Roesler celebrated his 18th birthday on Saturday, August 3, with a picnic party given him by his parents, Wayne and Dolly Bobo. The cold cloudy weather didn't hamper the fun the group of 40 adults and young adults had plus the delicious buffet dinner that Dolly served. The kids enjoyed games of badminton and baseball, but the game enjoyed by the men and boys alike was good old-fashioned horse shoes.

Tom and Dorothy Chase and

Rick and Kathy Behrens attended the Wilmot Firemens Dance last Saturday evening in Wilmot, Wis.

Mark August 14 and 15 on your calendar. These are the dates Channel Lake Grade School will be registering students. All children new to the area as well as last years students must register. The times for these dates are 9 a.m. til 12 noon and 1 p.m. til 3 p.m. on August 14 and 1 p.m. til 3 p.m. and 6 p.m. til 9 p.m. on August 15.

Let me know the news.

70 YEARS AGO AUGUST 4, 1904

G. DeWitt Stanton started on Tuesday for a trip through the south and intends visiting the St. Louis Exposition before his return.

Prices out of Elgin: butter firm at 17c; no offerings and no sales. Last week, 17c; last year, 18½c. Output of the week, 810,300 lbs.

50 YEARS AGO AUGUST 7, 1924

Conclusive evidence that William Robertson, telegraph operator for the St. Paul at Fox Lake, was murdered has been obtained by the sheriff's forces and states' attorney.

Antioch's baseball team continued winning ways last Sunday when they defeated the C & S Billard team of Racine, Wisc., by a 12 to 5 score at the Antioch Ball park. With the exception of the first inning it was a high class ball game with the teams evenly matched, but oh that first inning: it seemed that Antioch batters would never be retired.

20 YEARS AGO AUGUST 5, 1954

Four new teachers have been added to the Antioch Grade school staff for 1954-55. They are: Miss Barbara Barthel, Miss Marianne Olson, Mrs. Edna Becker and Mr. Harrison Brown. Returning to the system is Mrs. Eleanor Kufalk, who has been teaching at Grass Lake.

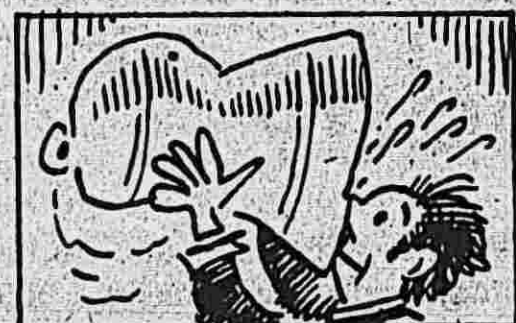

Antioch Community Band, directed by Louis Chenette, has entered the concert band competition of the 25th annual Chicagoland Music Festival in Soldier Field, sponsored by Chicago Tribune Charities, Inc.

Warren Polley, a member of the Antioch high school faculty, has been appointed director of athletics by the board of education.

10 YEARS AGO AUGUST 6, 1964

The question of whether or not the village should vacate a 40-foot strip of land in favor of the Orchard St. plaza remains unsettled as Mayor Cunningham refused to put his committee's recommendation to a vote of the board until all members were present.

Theatre-goers filled the PM&L Theatre with capacity crowds last weekend to see the musical fable of Broadway, "Guys and Dolls." Starring are Dr. Al Bucar, Ken Smouse, Wes Camp, Florence Babusek and Dee D'Isa.

Many IRS Checks Undelivered

Chicago, Illinois -- About 3,350 northern Illinois taxpayers have undelivered refund checks waiting for them at the Internal Revenue Service.

Any taxpayer who has not yet received his refund should call or visit his local IRS office as soon as possible, Charles F. Miriani, District Director of Internal Revenue for northern Illinois, said today.

The dollar value of the undelivered refund checks is \$800,291.91, for an average refund of \$239. The most common reason for an undelivered check, according to Miriani, is that the taxpayer has moved and left no forwarding address with the U.S. Postal Service.

The Director stressed that in all refund inquiries to the IRS, the taxpayer should be prepared to provide the name and address as it appeared on the return, the actual name and address if different, the social security number, and the type of form filed.

Science Institute

DE-KALB - Instructional materials for 46 teachers at a summer science institute at Northern Illinois University are hardly the sophisticated kind you would find in a university laboratory.

They're using colored mirrors, flashlight bulbs, batteries, guppies and crickets as they plan and carry out experiments illustrating scientific facts and principles.

Among the teachers is Rebecca Liddle of 285 Ida Ave., a teacher at Antioch Grade School.

Purpose of the Elementary Science Study (ESS) institute is to teach instructors ways in which they can help pupils enjoy learning science through planning and conducting experiments.

Free Lunch Program Offered

The Antioch Community Consolidated School District No. 34 announces that information and applications are available for the 1974-75 free lunch program. Children from families whose income is at or below those shown on the scale below are eligible for free lunches.

This scale was used by the district to determine eligibility for free meals in the 1973-74 school year, with the corresponding number of children and income: one, \$2,740; two, \$3,600; three, \$4,460; four, \$5,310; five, \$6,100; six, \$6,890; seven, \$7,600; eight, \$8,310; nine, \$8,960; ten, \$9,600; eleven, \$10,240; twelve, \$10,880; each additional family member, \$640.

Children from families with income greater than those shown but with unusually high medical bills, shelter costs in excess of 30 percent of income,

special education expense due to the mental or physical condition of a child, or disaster or casualty losses, may still be eligible.

Applicants for free lunches can register at anytime during the year and are urged to contact the school for information. The school's decision on eligibility will be returned within 15 days. Those who do not agree with the school's decision can request a hearing with the Board of Education.

In certain cases foster children are eligible for these benefits. Foster parents are encouraged to notify the district, requesting an application.

All children are treated the same, regardless of ability to pay. In the operation of child-feeding programs, no child will be discriminated against because of his race, sex, color or national origin.

Under Federal regulations, retreads have to meet government performance standards. These quality retreads are certified to meet Federal tests for strength, dimensional accuracy and bead unseating. Casings must also be stringently inspected for defects.

Ninety-eight percent of the world's leading airlines use quality retreaded tires - and save more than \$75 million annually by doing so! Where car tires are concerned, you save half the money that equivalent new tires would cost. Also, in view of the fuel pinch, 4-1/2 less gallons of crude oil are used to retread tires than to manufacture new ones! Last year, 35 million retreads were bought and saved 180 million gallons of the nation's oil.

The Environmental Protection Agency is studying the feasibility of equipping all Federal vehicles with retreads as a way to recycle our natural resources. Last year, 100 million tire casings were discarded - enough to circle the earth twice at the equator.

Reminder: ZIP Codes Speed Mail

Most complaints about slow mail are local and most of the reasons for the delays are lack of ZIP Codes in addresses. Postmaster Walter Barnas said today.

"Letters going across town need ZIP Codes just as much as letters going across the country," he said. "Letters without ZIP Codes are removed from

the mail stream and placed in no-ZIP sorting bins for handling. This slows up delivery."

Postmaster Barnas noted that there are more than 4 billion letters without ZIP Codes mailed in this country yearly. "Here in Antioch about 20,000 letters are mailed without ZIP Codes," he said. "You can always find the local ZIP Code

in the telephone book," Barnas added.

He noted that 90 percent of national mail now carries ZIP Codes, while 84 percent of local mail uses ZIP Codes. "We clearly need an improvement in using local ZIP Codes," he said. "Good local service is as important as good national service."

Tax Court Procedures Simpler for Small Cases

Taxpayers who disagree with the Internal Revenue Service over small amounts of tax can appeal their cases themselves with little paperwork and at small expense.

The U.S. Tax Court - which is not part of the IRS and the IRS itself each have simple, inexpensive methods by which a taxpayer can appeal when a small amount is in dispute. The IRS, in its administrative appeals process, does not require taxpayers to protest in writing in disputes of tax amounts of \$2,500 or less. But it does ask the taxpayer to provide records for items claimed on the tax return so that full consideration can be given to the law, the facts, and

the taxpayer's position. The taxpayer need not hire someone to represent him but may do so if he wants.

The Tax Court similarly has had a Small Tax Case Procedure to make it much easier for taxpayers to have their day in court. The procedure makes special provisions for taxpayers who have federal income, gift, or estate tax disputes involving \$1,500 or less.

Taxpayers who want to petition the Small Tax Case Division of the Tax Court need only contact the Clerk, U.S. Tax Court, Box 70, Washington, D.C. 20044. He will provide instructions and necessary copies of T.C. Form 2, which the

taxpayer must complete in duplicate and file with both the notice of deficiency and a \$10 fee. The 90-day deadline for filing this petition cannot be extended.

Brothers Star At Speedway

WAUKEGAN—The Musgrave Brothers, Tom, 20, and Ted, 18, dominated late model stock car action Sunday night at Waukegan Speedway.

The two second-generation drivers accounted for fast time (Ted), the semi-feature win (Tom), the feature win (Tom) and the most spectacular accident of the season (Tom).

Bob Roper and Tom Musgrave fought it out for the feature lead and in the 26th lap they tangled. Roper was leading but spun completely around and into the infield. Tom recovered for the win, his first feature ever at Waukegan.

Bob Dotter wound up second in the wild 30-lapper.

The spectacular accident came at the end of the fast heat while much of the crowd watched Don Axtmann and point-leader Dave Evans coming for the checkered flag. Tom Musgrave and Dotter, racing for third, collided on the backstretch with Musgrave spinning and Dotter flying right over the top of Musgrave's Camaro.

Both cars required pit work and ironically came back to finish first and second in the 16-car feature.

Ted Richter sailed to his sixth straight Saturday night feature win at the Speedway to tie the all-time record for late model consecutive feature wins.

COMPETITORS in the State Bank of Antioch Annual Invitational Swim Meet held Sunday display their trophies and smiles following the meet at the Aqua Center. The swim meet is an annual featured event of the Antioch Lions Club Farmer's Picnic Chicken Bar-B-Que and Auction.

The five teams participating in the event finished in team standings as follows: Kenosha Youth Foundation, first place; Antioch, second; Fox Point, third; Brentwood, fourth; Libertyville, fifth. Shown from left, kneeling: Larry Hazel, Paul Mudgerditchen, Bob Mutaw and Val Seday of Brentwood team; Frank Quigley of Libertyville; standing, from left, Chris Walpole and Coach Marty Berry of Antioch; Pres Reckers, representing State Bank of Antioch; Dave Schantek, (an unidentified young lady) and Dave Rung of Kenosha; Rick Eber and Hank Leidecker of Libertyville, and Roger Spoelman of Fox Point.

Swim Team 2nd In Big Meet

Neither rain nor cold detered the nearly 200 boys and girls who participated in Sunday's 5th annual Antioch Invitational Swim Meet.

In spite of the weather the turnout probably was the largest in the meet's history. Five teams of well-coached

swimmers splashed after the championship trophy. Antioch swimmers, sponsored by the State Bank, fell just short, finishing second to Kenosha Youth Foundation, winner for the third straight year.

Kenosha compiled 216 points, Antioch 191½, Fox Point 170,

Brentwood of Waukegan 128, and a newcomer to the meet, Libertyville, 92½.

Antioch's Dave Berry once again was a triple winner, taking the backstroke, individual medley and butterfly

Little League had remarkable balance

The Antioch Little League was remarkably well-balanced this season -- any of the eight teams, on a given night, could have knocked off any of the others.

A team with an 8-6 record during the regular season -- the Giants -- won the championship.

They beat the Yankees two straight in the playoffs 14-5 and 4-3.

The Yankees had won the American Division title by beating the Tigers 8-4 after both teams finished with 10-4 records.

The Giants were the National Division champions even though they lost six games.

Their final 4-3 victory over the Yankees was an extremely well-played game, a pitchers' duel between Mike Ksioszk of the Giants and Dave Froom of the Yankees.

Other members of Manager Ron Sheedlo's Giants were Terry and Chris Shepherd, Scot Schroeder, Jim Wilson, Bill Buckmaster, Steve Sheedlo, Bill Witek, Tom Green, Keith

Wagner, John Jacobson, Jim Schlardaum, Jerry Mahoney, Jim Gamder and Rick Ranney. The coaches were Don Buckmaster and Mike Ranney. Sponsors were Rittenhouse and Embree Co.

In the post-season Round Robin for the Mayor's Trophy, for teams not in the playoff, the Astros beat out the Tigers. Their name will be inscribed on the plaque at the village hall.

HERE'S HOW they finished

in the American Division, with won-lost records in parenthesis:

Yankees (10-4). Started the season slowly but finished strong. An aggressive, take-charge team with a lot of hustle by all players. Probably won a lot of their games on aggressiveness. Dave Berchtold was a leading hitter and Dave Froom the leading pitcher. Dave Miles led the team in home runs with five.

Tigers (10-4). Basically a well-rounded team with good defense, hitting and some talented younger players supporting the 12-year-olds. The hitters were led by Kurt Selak, Glen McCollum and Rodney Inman and the pitching was accomplished by Kurt Glen and John Haling.

Astros (9-5). An extremely good hitting team that could practically knock their rivals out of the park when they began connecting. Also had good defense and adequate pitching with Tom Bernet and John Blue on the mound. Top hitters included Charlie Schreiber and

Chris Kempksi.

Dodgers (3-11). Started strong, winner their first two games, then went into a 10-game tailspin. But they were good enough to beat the Astros once. Their younger players have good potential for next year. Mike O'Brien led their hitters and Jim Collis was tops in RBI's.

THE NATIONAL DIVISION. Giants (8-6). Lived up to their past history of being a powerful hitting team with a strong

pitching staff. The games they lost were usually close. Mike Ksioszk was their pitching star and Jim Wilson led the league in homers with seven. Scot Schroeder was a good hitter and Ricky Ranney an effective pitcher. The well-rounded team also had an aggressive batter in Terry Shepherd and a fine "glove" at first base in Keith Wagner.

Cardinals (7-7). A team that could be very hot, but also cold.

events. His older brother, Ed, also won three events in the 17 and 18 year old division. Ed set meet records in the breast stroke and individual medley.

John Schmidt set a meet record in the butterfly and also won his freestyle event for boys 12 and under. In the medley relay for 12 and under, John placed second along with John Hund, Judy Houghton, and Cindy Carney.

George Bessette beat out teammate Teddy White by two-tenths of a second in the 9 and 10 year old freestyle event. George easily won his backstroke, leaving the others behind from the start.

John Hund placed first in the 11-12 backstroke with another Antioch swimmer, Theodore Bessette, getting third.

Mike Jaworek tied for first with a Waukegan High School swimmer on the two-length breast stroke and then placed third in the backstroke.

Scoring seconds for Antioch in

their events were Eva Auxier, Dean Waite, Jean Cilik, Chris Walpole, Sue Berry, Lesley Gallagher, Jenny Schmidt, John Fink.

Others placing high in their specialties were Donna Gutowski, Mary Ann Cilik, John Hund, Denise Holt, Judy Houghton, Ann Ivy, Carl Amundsen, Cindy Carney, Phil Daworek, Carol Berry, Jack Fields, Mari St. Pierre, Margaret Bessette, Jerry Schmidt, John Fink, John Bellacci, Eddy Fink, Theodore Bessette, Craig White, Dave Walpole, Chuck Auxier, Debbie Rentner, Jeff Schmidt and Sue Amundsen.

Antioch's 16 and under freestyle relay team got third with some fine swimming by Eva Auxier, Sue Berry, Bob Dodd and Al Jaworek.

The 12 and under free relay of Ted White, Mary Ann Cilik, Denise Holt and George Bessette took a fourth. Placing third was the 16 and under medley team of Kim Klopp, Mike Jaworek, Eva Auxier, and Bob Dodd.

Little League

Continued from page 14

Had a year of real ups and downs. Pete Weber led hitters, Rob Nauman walloped six home runs and the pitchers were led by Mark Simmons and Carl Amundsen.

Cubs (5-9). A young team that could be hot just like the Cardinals. In one week they knocked off two strong American Division teams, the Tigers and the Astros, again showing the equal balance in the league. Mike Stout and Jon Gibson were leading hitters and Robert Thain showed good potential as a hitter and second baseman.

Orioles (4-10). Won the division title last year but were rebuilding this year. A lot of

good young players, they lost several games by one or two runs that could have gone either way.

THE LEAGUE'S tournament team goes to Waukegan Friday to play in a Bronco Tourney. They lost 6-5 to Edgebrook in the Little League tourney here and Edgebrook went on to win four more games by large scores to top the 15-team district.

In the 6-5 loss, Antioch trailed 5-0 but showed enough spunk and spirit to come back and tie the game, only to lose in the last inning when a sparkling Edgebrook defensive play cut short their chance to win.

State Bank Team Pulls Upset

The Antioch State Bank slowpitch softball team pulled a

major upset last week in the Interstate Classic League.

They defeated the world-famous Tirabassi team of Kenosha 12-8 in the Wednesday night action at Kenosha's Simmons Field.

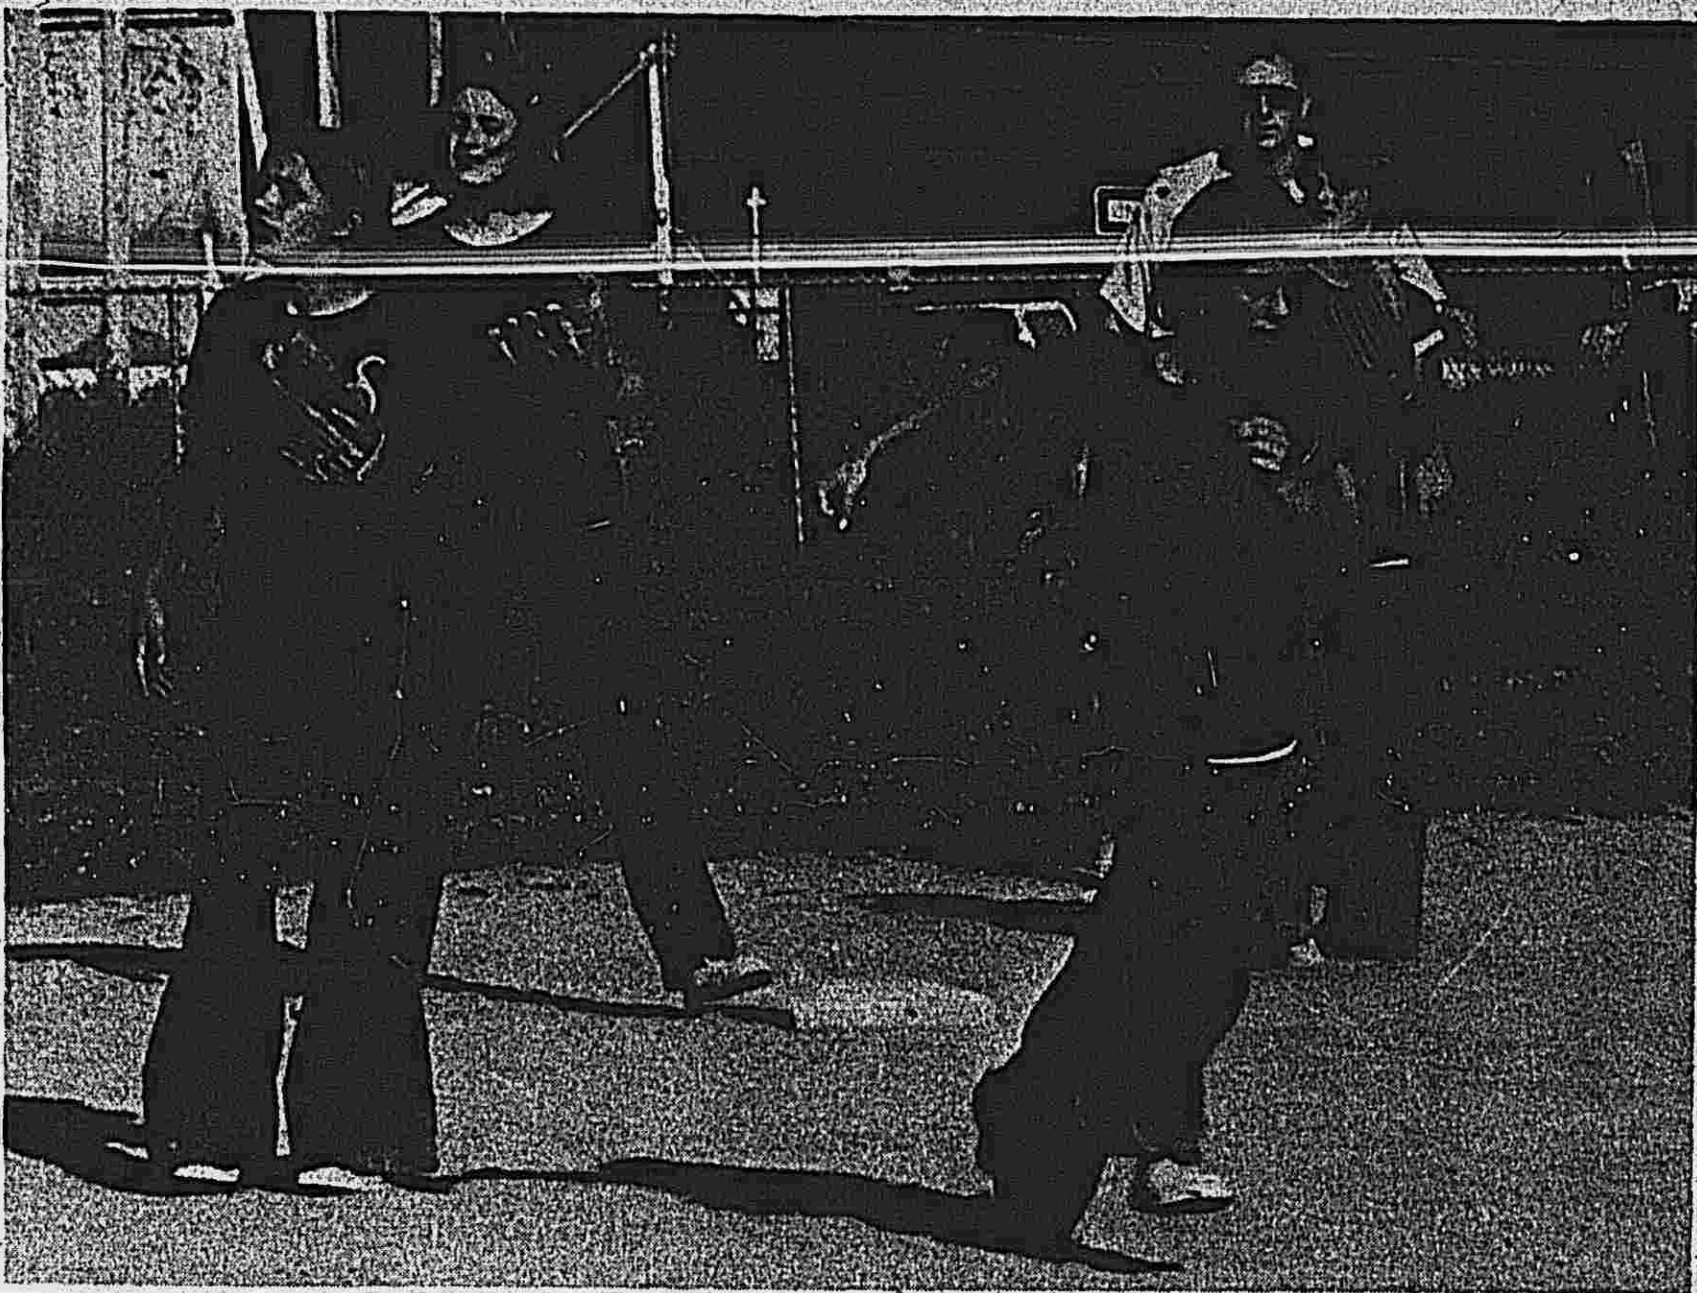

The Antioch team now holds third place in the topnotch league, with six wins and three losses. Tirabassi's and Racine Douglas are tied for first with 7-2 records.

The State Bank lineup pounced on Tirabassi's for four runs in the first inning on five singles and a sacrifice fly. Antioch kept the pressure on with three more runs in the second inning on two singles and a booming home run over the left-center field fence by Jack Wiech.

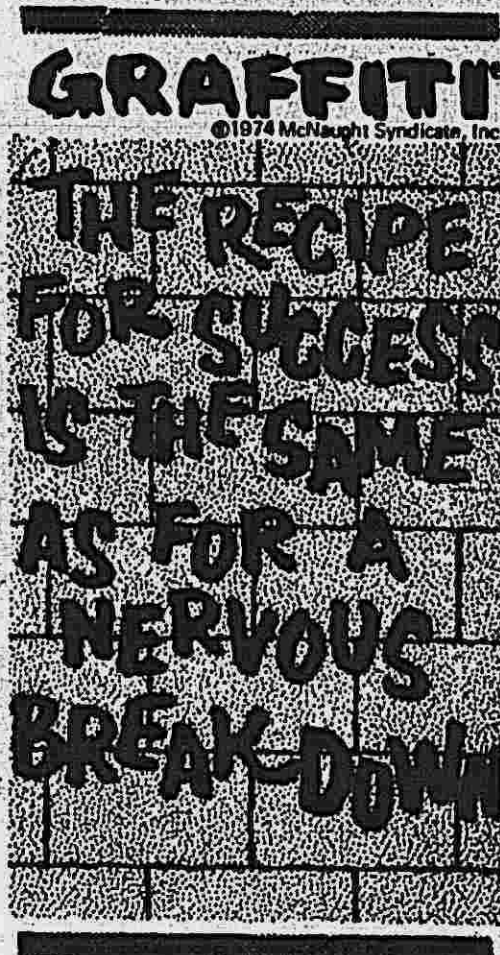

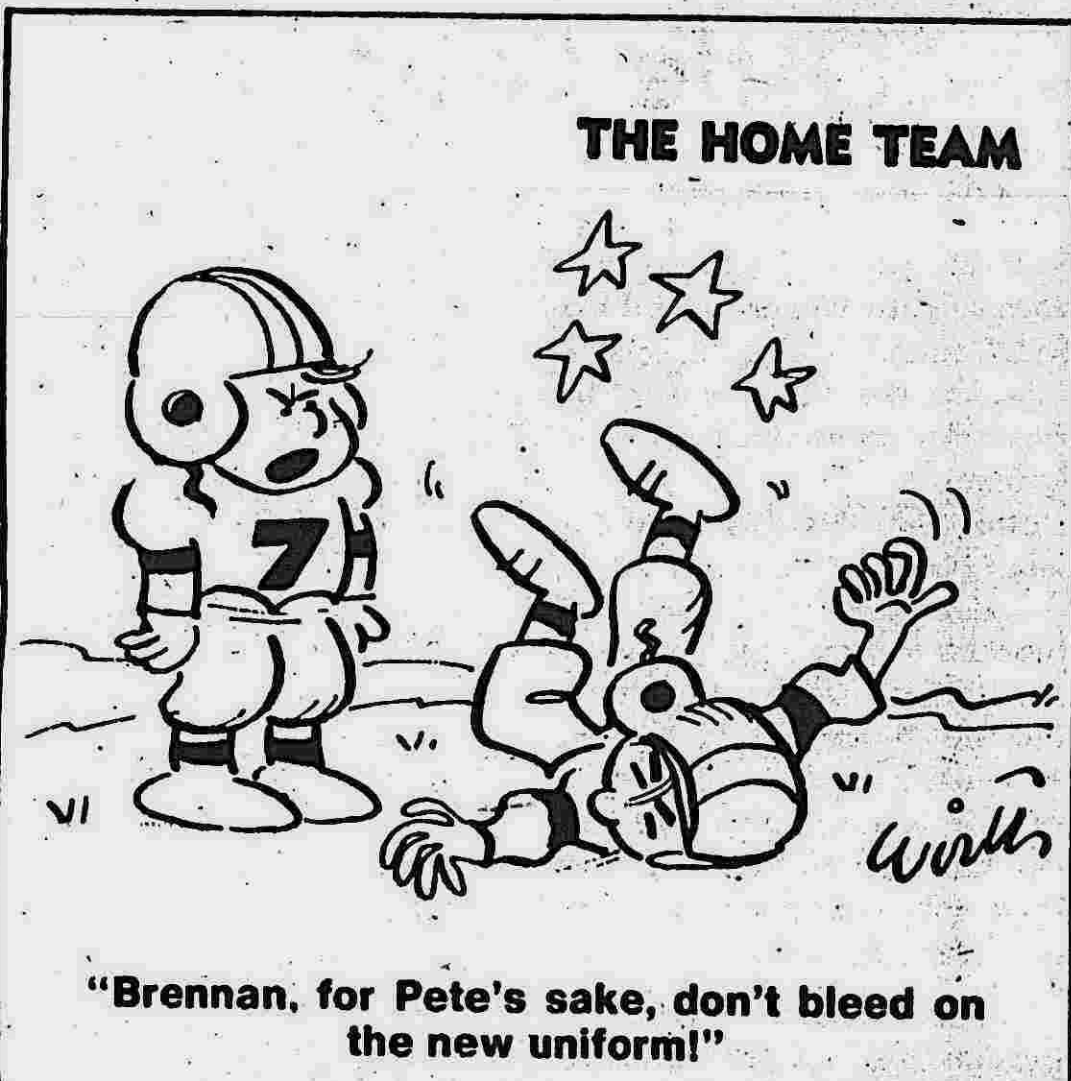

Tirabassi's pecked away at Antioch's lead until they tied the score at 8-8 after seven innings, then the State Bank put the game out of reach with a four-run outburst in the top of the eighth.

NIU Extension Courses at CLC

Northern Illinois University will offer an extension course, Education 546-Practicum in School Business Management, at the College of Lake County. The course will be taught by Henry Yankow and William Mann beginning on Tuesday evening, Sept. 3 at 5:30 p.m. and will meet in Room 256 of Building B.

Courses in Education will also be taught at the Waukegan West Campus High School this fall.

"The courses are a particular bargain now, since extension

tuition has gone down from \$30 a credit hour to \$18 an hour," according to NIU association director of extension Gordon W. Bird.

The mail registration cutoff date for extension courses is Aug. 14. Extension students may register at the first class meeting in early September if space is available.

Most classes meet once a week for 16 sessions, running 50 minutes for each semester hour of graduate or undergraduate

credit offered.

Students in several disciplines may complete all course work for a master's degree from Northern entirely through extension courses.

For further information, prospective students should write: Extension Division, College of Continuing Education, NIU, DeKalb, Ill. 60115, or telephone (815) 753-1454.

NOW May Have To Wait

By JERRY PFARR

Newspapers such as this one have been flooded in recent weeks by letters from supporters of an Equal Rights Amendment (ERA).

It is obviously a planned letter-writing campaign criticizing the Illinois General Assembly's failure to ratify an ERA.

Some of the letters really express anger.

Illinois Chairperson Carolyn Parmer of ERA Central writes:

"The legislators have shown that they have no sense of history! Women will have equal treatment under the law

whether state legislatures recognize it, or the Supreme Court does."

Suzanne Stevens of Winnetka says:

"Whenever I read a letter where some misguided person says that women are more competent as mothers ... my blood really boils. These people have their heads in the sand."

I REMEMBER a few years ago when Betty Friedan started the militant women's rights movement called NOW - The National Organization for Women. Among other things, NOW protested the compulsory retirement of airline stewardesses at the age of 32. In other

words, stewardesses shouldn't necessarily be young and pretty. (That was going a bit too far. After all, men have some rights, too.)

Some of my friends were so upset at the time that they started a group on my block and called it NO, NOT YET, which stood for Neighborhood Order of Noble Opposition to Yielding the Embattled Trousers.

(Well, could you have done better with those initials? They were thinking of calling the group Men Determined to Wear the Pants in the Family, but what kind of an answer to NOW is MDTWTPITF?)

I DON'T THINK the present members of NOW go along with Betty Friedan anymore. I recall that she was upset because when Art Linkletter asked little girls what they wanted to be when they grew up, they answered, "I want to be a mommy."

"They should have an answer other than that," said Betty.

What are they supposed to want to be? Heavyweight champion of the world? Quarterback for the Packers?

Four years ago, in my hometown, NOW had 100 members. When they started NO, NOT YET, they got 200 men the first night. (Of course, the organizational meeting was held at a tavern and there was free beer and sandwiches.)

ONE OF THE purposes of NO, NOT YET was to point out that men have given women a lot of breaks in the course of history.

"Did George Washington sew the first American flag?" asked the president of NO, NOT YET at a meeting. "Of course not. He turned that important job over to a woman."

"And who got credit for the Chicago fire?" snapped the vice president. "Not MR. O'Leary's cow."

"But don't quote me," he added. "My wife thinks I'm bowling tonight."

"Did Whistler paint his father?" snarled the treasurer of NO, NOT YET, who added, "Forget what I just said - my wife might cut my allowance."

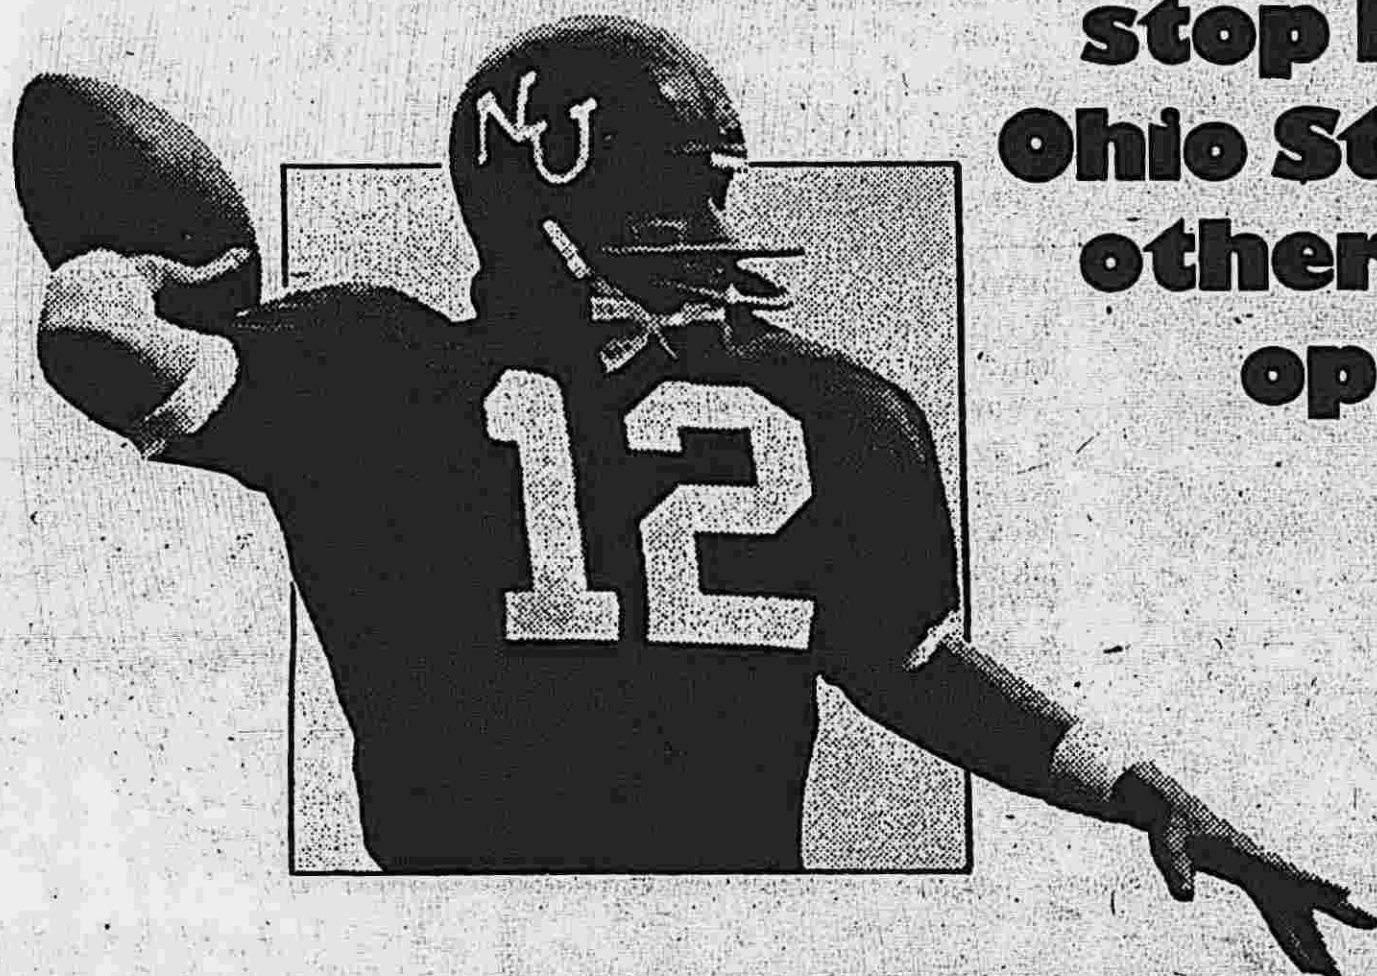

"Has Hollywood tried to cast a man for a part written for Sophia Loren?" barked the sergeant-at-arms of the club. Then he thought for a moment and said, "Better change that to Phyllis Diller. My wife might read this."

LIBERATE WOMEN? I doubt if these hard-headed, domineering captains of their ships will give an inch. But, since I'm sympathetic I'll go back and talk to them. Maybe I can get them to change their name from NO, NOT YET to MAYBE SOMEDAY. Let's see, that would make their initials MS.

"To me every hour of the day and night is an unspeakable perfect miracle."

Can the best arm in the Big Ten stop Notre Dame, Ohio State and four other top-ranked opponents?

Order Northwestern tickets now and see for yourself!

Some coaches might call Northwestern's 1974 home schedule a nightmare. But for a fan, it's a pure delight! The top two ranked teams of 1973 - Notre Dame and Ohio State - play on Wildcat Tartan Turf this fall. Along with the always tough Boilermakers, and the high-scoring Oregon Ducks. And, the Indiana and Wisconsin games were two of 1973's most rip-roaring, with four touchdowns scored in the last 80 seconds of play.

But Wildcat Coach John Pont is actually looking forward to the rugged 1974 season. Especially to the forward passes of Mitch Anderson, his All-American

quarterback candidate and two-time conference passing champ. His targets include two of the top seven receivers in the conference. And four strong, quick running backs will move the ball on the ground. With this wide-open offensive punch, the 'Cats will be a threat to score anytime, from anywhere.

So catch the team with something extra. An extra-super home schedule. An extra-special player in Mitch Anderson. And the extra-excitement of tailgate picnics, dancing pompon girls, a 150-piece marching band, and a world baton twirling champion!

Enjoy a full season of Wildcat football!

Summer is a long way from being over and all the youth who have been held back from going to Europe since the Youth Fares were discontinued from the United States can once again have that special rate.

The new Student Offer features a Fly Cruise Package. This is in cooperation with The French Line and British Caledonia Airlines. The flights may originate or terminate in London, Paris or Amsterdam and the French liner calls at New York, Le Havre or Southampton. This package plan rate varies from \$451 to \$549 round-trip between New

York and London, Paris or Amsterdam.

For those of you who might be going over for extra credits; this round-trip transportation need not be completed before November 1974. Students of any age can take advantage of this offer; the only requirement for eligibility is limited to students holding International Student Identity Cards which can be obtained through your local travel agent.

Washington has once again set aside the reinstatement of the transatlantic youth fares, so the offer mentioned above looks like your only hope. It is a bit cheaper and a lot more convenient than fighting the crowds being diverted to Canada for Canada-Europe youth rates.

For those of you who have any questions, or might want your stay extended beyond November 1974 as a result of your studies; give a call to your travel agent and I am sure he can make the changes for you. Happy travels.
